

Enabling SEED Circles

Share Explore Experience Decide

ICfE invites you to its inaugural Enabling SEED Circle. SEED describes the approach of this Program: to Share, Explore, Experience and Decide. The Enabling SEED Circle Program will over the coming months workshop different topics of significance to enable you to seed changes for a better life. Dr Diann Rodgers-Healey will facilitate the session through deep discussion and experiential learning as well as a Q&A between participants and invited guests about their personal experiences and insights on the topic. Numbers are limited as the aim is to have ample time for participants to be heard and given time to apply their learning. I hope you can come to a SEED Circle to share your experiences and wisdom, learn and be inspired in a relaxing and meaningful atmosphere.

ICFE'S FIRST ENABLING SEED CIRCLE IS ON:

EMBRACING THE HIGH ART OF LISTENING

We will explore in a half day workshop what the high art of listening is, its usefulness and application in different contexts. We will explore the skills that enable the high art of listening and workshop applying these skills to practice them in different contexts. We will further gain an appreciation of how these skills are applied and why, by ICfE's invited guest – Palliative Care Specialist, Dr Michael Barbato. This workshop will enlighten you with a deeper understanding of listening to enable you to effectively apply it in a meaningful way in your personal and professional life.

Workshop Facilitator: Dr Diann Rodgers-Healey

The Illawarra Centre for Enablement (ICfE) has been founded by Dr Diann Rodgers-Healey, an experienced leader and enabler of executive women, men and youth from diverse backgrounds and organisations to lead authentically and courageously and make a difference. Bio details are at <https://illawarracfe.com/vision>

Invited Guest: Dr Michael Barbato

Dr Barbato has been in medical practice for more than 50 years and has been a palliative care physician for 30 years. During this time, he has held the positions of Medical Director at the Sacred Heart Hospice, Darlinghurst, NSW and the Palliative Care Unit at St Joseph's Hospital, Auburn, NSW and was Director of Palliative Care for the ACT. Prior to his retirement in 2011 Michael did regular locum work for the Central Australia Palliative Care service. Together with his wife Ann he now runs courses on the art of midwifing death for professional and community groups. He has a long-standing interest in the care of the dying, the experience of unconsciousness and unusual events around the time of death. He has spoken at national and international conferences and is the author of three books on death and dying.
